

*The best viewing times for cranes feeding in fields is prior to 10:00 a.m. and after 2:00 p.m. Some cranes return to roosts during mid-day, and all do before sunset.*

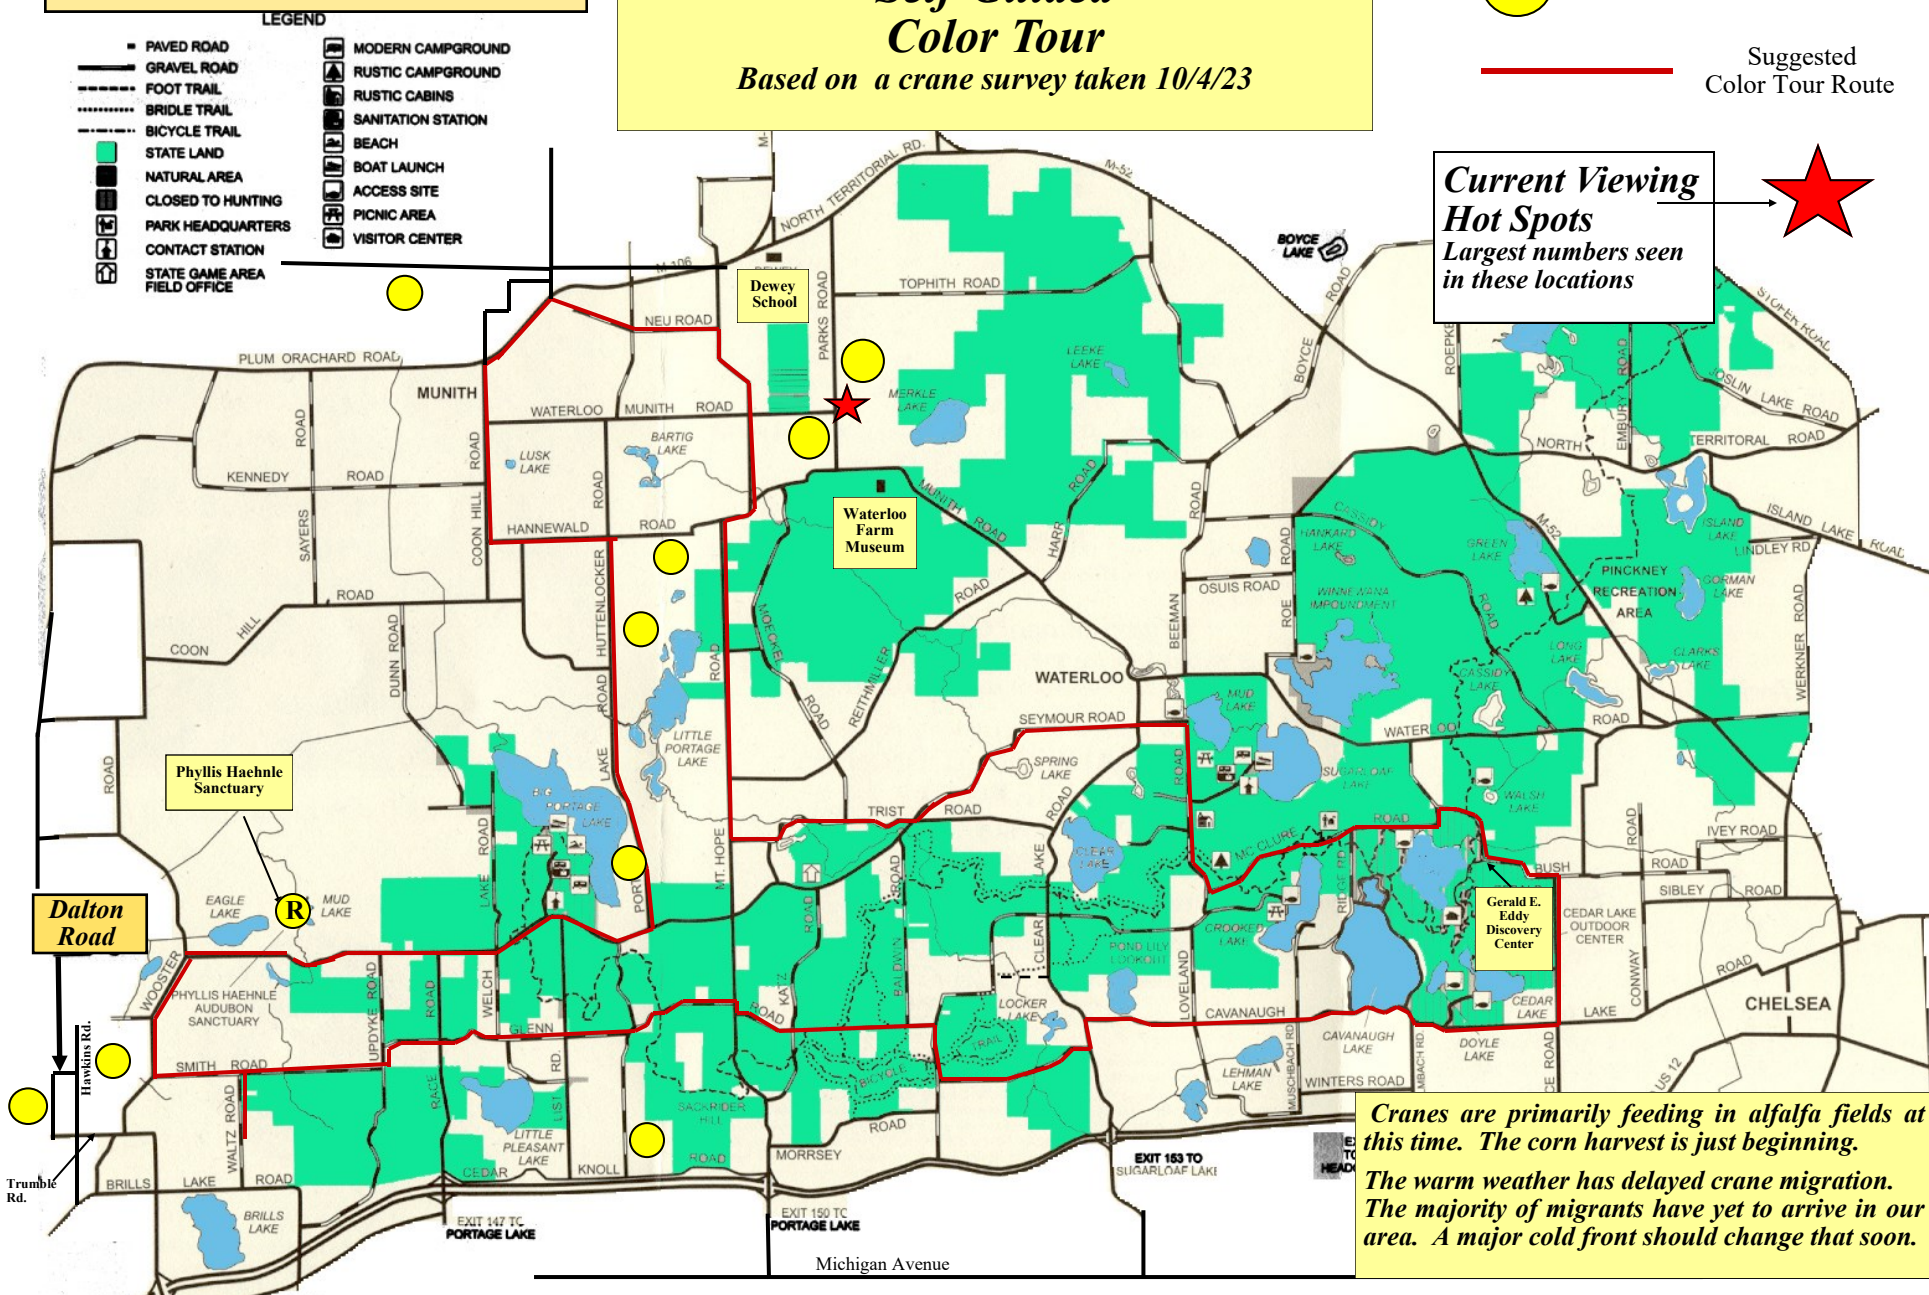

# Crane Viewing Map & Self-Guided Color Tour

*Based on a crane survey taken 10/4/23*

- = Cranes in Fields
- R = Night Roosts

Suggested  
Color Tour Route

**Current Viewing  
Hot Spots**  
*Largest numbers seen  
in these locations*

*Cranes are primarily feeding in alfalfa fields at this time. The corn harvest is just beginning. The warm weather has delayed crane migration. The majority of migrants have yet to arrive in our area. A major cold front should change that soon.*
